This CD is dedicated to all our fans and those that like to drink good Beer! Our group has been together for over 11 years, first as a Trio and now as both a Trio and Quartet.

We are proud to have both our sons, Philip and Adam, performing with us this last year.

They represent the next generation and we are very proud of them!

Instructions for listening to this CD: sit back, open a cold one, and say Prosit! Enjoy.
